Advanced Higher Physics Investigation The Scottish Qualifications Agency (SQA) requires that all Advanced Higher (AH) physics pupils conduct a practical physics investigation. The investigation aims to develop practical and experimental skills through a practical project plus provide opportunity for both self-motivation and organisation skills. ADVANCED HIGHER PHYSICS INVESTIGATION Here are some activities that might form part of an Advanced Higher investigation. Radioactivity experiments. Op-amps. Video analysis of Brownian Motion. Investigating Induction. Quantitative Doppler Effect experiments. g using a stream of water.

each unit of work. The Relationships Sheet & Data sheet can be found under the Useful Documents tab. The Investigating Physics unit is assessed by the production of an externally assessed Project worth 30 marks. A final grade is awarded based on the total of the scaled marks in the final exam and the mark for the Project.

Much of its collection was seeded by Project Gutenberg back in the mid-2000s, but has since taken on an identity of its own with the addition of thousands of self-published works that have been made available at no charge.
