My 70 was 3/4" lower on one side than the other. After installing new Eibach springs all the way around I finally got it level. Since then I have installed 1 1/2" lowering springs on the front and the stance looks great. Help---Body Lean!!! | Chevelles.com The driver side lean is often an issue on the driver side front. Even with new leafs and new coils, my 69 still leaned. So, when I cut my coils last week to get the stance down a little, I cut just a little less off the driver side coil. Driver side coil cutoff at top in this pic:
