Sociolinguistics: Social and cultural variation ... This volume is intended to be a contribution to the rapidly growing field of research into Cognitive Sociolinguistics which draws on the convergence of methods and theoretical frameworks typically associated with Cognitive Linguistics and Sociolinguistics. The papers in this volume, written by internationally renowned scholars in the fields of sociolinguistics (e.g. Labov) and

Benjamins Language and society interact in strange and fascinating ways. Sociolinguistics, the study of language as social behavior, is primarily concerned with the issues arising from language in society.

Some of the issues that arise in the study of sociolinguistics include political, historical, cultural and bureaucratic. Sociolinguistic Issues | The Classroom Sociolinguistics is a field of study devoted to understanding how language changes and varies, with a certain emphasis on the role of social variables (such as identity or frequency of interaction) in this.
