The definition of critical reading means reading with the goal of finding a deep understanding of the material, whether it is fiction or nonfiction. It is the act of analyzing and evaluating what you are reading as you make your way through the text or as you reflect back upon your reading. Critical Reading: What Does It Really Mean? Critical

purposes requires reading for information and main ideas and, more importantly, reading to respond to and evaluate the ideas in a text, as you actively consider what you're reading. This process is most often called critical reading.

Key Features of Critical

Reading Critical Reading |

Educational Planning Critical

reading involves presenting a reasoned argument that evaluates and analyses what you have read.

Being critical, therefore - in an academic sense - means advancing your understanding, not dismissing and therefore closing off learning.
