Human longevity, individual life duration, and the growth ... 3. Life span extension in humans is self-reinforcing : a general theory of longevity / James R. Carey / Debra S. Judge; 4. Oldest-old mortality in China / Zeng Yi / James W. Vaupel; 5. Central and dispersion indicators of individual life duration : new methods / Vaino Kannisto; 6. Human longevity, individual life duration, and the growth ... The exact duration of human life is unknown, although there is presumably a maximum life span for the human race established in the genetic material. At first thought, this statement seems irrational. Surely no human can live 1,000 years. Even though all may agree that the likelihood of an individual living 1,000 years is infinitesimal, there is no scientific proof that this statement is or is not true. Life span - Human life span | Britannica Life expectancy in wealthy
