Design Manual DOH Pub 331-123
Revised June 2020.

Acknowledgments This is the fourth edition of the Water System Design Manual. Many Department of Health (DOH) employees provided valuable insights and suggestions to this publication. Water System Design Manual Water treatment plants have pumps and valves for moving water and many moving parts such as screens, belt presses, and conveyors remove debris and move sludge. This equipment can cause caught/crush hazards if you place a hand, arm, or foot too near a moving part. Guard all moving machinery and watch for these hazards while you work.
