sound and the picture stays black. The bulb fan is operational and I have tried resetting the unit. When turned on the power light blinks for about a minute and then blinks red until the tv is powered up again. I see that this probably is an internal hardware failure- either the display panel or main ...

LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional
