E. Phonics and Word Study - Scholastic The goals of phonics and word study instruction are to teach children that there are systematic relationships between letters and sounds, that written words are composed of letter patterns representing the sounds of spoken words, that recognizing words quickly and accurately is a way of obtaining meaning from them, and that they can blend sounds to read words and segment words into sounds to spell (Adams, 1990; Chard & Osborn, 1999; NRP, 2000). Phonics and Word Study - ascd.org The term phonics instruction refers to teaching students about the relationship between sounds and written letters (known as the alphabetic principle) so that the students learn how to decode and read words. In word study instruction, students learn to use complex elements of reading to decode more advanced words (e.g., students learn how to decode words based on associated word meanings and by learning how to identify word parts, such as affixes and root words).
