## The Back To Eden

Gardening Founder of Back to Eden Gardening Paul Gautschi has been an organic gardener for over 55 years and is known locally as a master arborist. In 1979 Paul and his family moved to the Northern Peninsula of Washington from California. As a father to 7 children, he has raised food for his family and friends – never to sell. Back to Eden Organic Gardening - Watch Free Gardening ... The Back to Eden gardening method is a way to garden that recreates nature's intended growing environment. It also meant that with just 2 hours of bed prep and planting time, we yielded over 1500 pounds of food in the fall! All without any watering or

weeding! In 2016 we lost our jobs, started making real money blogging, and moved to the country. Beginner's Guide to Back to Eden Gardening Back to Eden gardening is a layering method which develops good soil structure. Source: Wellington Family Farm Paul Gautschi, the creator of the Back to Eden method, is a devout Christian. His beliefs are consistently mentioned in the documentary film about the method. Back To Eden Gardening: Rich Soil Done Nature's Way | Epic ... Back to Eden gardening is pretty much like the phrase implies. It is the return to the way nature intended for plants to grow: no watering, no weeding, no ground tilling, and completely organic. The Back to Eden Gardening Method

## Explained \* The ... Back to Eden

gardening encompasses this concept by using natural and raw materials to build up your garden in layers. These layers then form a mound, which is your garden bed.

Your fruit plants (like blueberries, apples and citrus) and veggies are planted in the mounds. The formed mounds will retain moisture and keep weeds at bay. How to Use the

Happy DIY Home The first step to starting your Back to Eden garden

is deciding where you want to have your garden. You can simply cover

an existing garden or start a new

one. When picking out the area for the garden remember that most

plants grow the best in full sun.

Look for an area of your yard that gets at least 6-8 hours of direct

sunlight. Beginner's Guide To Back To Eden Gardening {No Dig ... A Back to Eden Garden is simply another name for a deep mulch garden system. It is supposed to reduce weeding as well as replenish depleted soil with every passing year. The mulch decomposes over time, adding in beneficial nutrients to the soil. From what I've read, every year your garden gets better and better. Starting a Back to Eden garden from scratch - This House ... There are two things you need to know that address the nitrogen aspects of Back to Eden gardening. First, you need to layer with the covering, not mix the covering. If you mix wood chips into your soil, it certainly will lock up the nitrogen in the soil. This is part of the reason why I stopped using wood shavings
