If one approaches this book with the right attitude, it will be a stimulating and encouraging read--though maybe it's not one I'd recommend for everyone. Odent, who is French, is an obstetrician who has pioneered humane childbirth practices. Michel Odent. The Scientification of Love |

Peace Theology Until recently love existed in the realm of poets, artists and philosophers. Latterly it has been studied from multiple scientific perspectives. The author argues that the specialist approach has overlooked the importance of love as a potential new strategy for human survival, and that the old survival strategy, the domination of nature and other human groups, is no longer appropriate.
