The South American Camelids  
Cotsen Four members of the  
camelid family—wild guanacos and  
vicuñas, and domestic llamas and  
alpacas—were native to the Andes.  
South American peoples relied on  
these animals for meat and wool,  
and as beasts of burden to  
transport goods all over the Andes.  
In this book, Duccio Bonavia tackles  
major questions about these  
camelids, from their domestication  
to their distribution at the time of  
the Spanish conquest. South  
American Camelids, The | UCLA  
Cotsen Institute of ... Four members
